

Department of Computer Science and Engineering

Master of Science Degree Programs

Degree Option Declaration

The Department of Computer Science and Engineering offers Master's degree programs in computer science and in computer engineering. Each degree may be earned under a thesis option, or under a non-thesis option.

Students must declare which option they intend to pursue by the time 8 quarter hours have been completed.

I, _____, a student in the (check one)

MSCS program
MSCEG program

declare my intention to complete my MS degree under the (check one)

Thesis option
Non-thesis option

I understand that:

1. I must have an approved Program of Study on file by the time 12 quarter hours have been completed.
2. This declaration may only be changed with the approval of the department. Department approval may be requested by the submission of a department petition.
