

Design Capstone Final Project Presentation Evaluation Form

Name of Evaluator: _____, Signature _____

The evaluation points:

1. How much do you understand the objectives and specifications of their design project?
2. Does the group explain clearly about their design theory and implementation methods?
3. How do you value the quality of design and implementation in terms of innovation, professionalism and using design tools?
4. Does the group convince you that the objectives of the design project have met through their experiments and data analysis?
5. How do you value the achievement and completeness of the design project? Do you think it worth your investment?

Use the backside to write the comments/suggestions corresponding to the grade that you assigned to each group.
